“RiffTrax Live: Starship Troopers” Brings More Laughs and Infamous Wisecracking to U.S. Cinemas

NCM® Fathom Events, RiffTrax, and IGN Present Signature Comedic Commentary on the Ridiculously Weird 1997 Film in Select Movie Theaters on Aug. 15

Centennial, Colo. – July 8, 2013 – The “RiffTrax Live” cinema series has been making audiences laugh out loud with its now legendary treatment of films since 2009. Thanks to a hugely-successful Kickstarter campaign that raised money to license a big Hollywood title, RiffTrax will be returning this summer to select movie theaters nationwide for a hilarious, never-before-seen take on the king of modern sci-fi epics: “Starship Troopers.” So strap in for a trip to Klendathu, as NCM® Fathom Events, RiffTrax, and IGN present “RiffTrax Live: Starship Troopers” for one night on Thursday, Aug. 15 at 8:00 p.m. ET/ 7:00 p.m. CT / 7:00 p.m. MT / 8:00 p.m. PT (tape delayed). Offering their patented wisecracking to this bug-splattered space saga are the stars of RiffTrax: Michael J. Nelson, Kevin Murphy and Bill Corbett (best known for the groundbreaking “Mystery Science Theater 3000”).

Tickets for “RiffTrax Live: Starship Troopers” are available at participating theater box offices and online at www.FathomEvents.com. The event will be broadcast to more than 600 select movie theaters across the country through NCM’s exclusive Digital Broadcast Network. For a complete list of theater locations and prices visit the NCM Fathom Events website (theaters and participants are subject to change).

“It is all thanks to our fans generously backing our Kickstarter that we get to face down what is truly a dream title for us. This will be a real RiffTrax-palooza,” said Michael J.
Nelson, RiffTrax creator and former host of the Emmy-nominated, Peabody Award-winning “Mystery Science Theater 3000.”

This 1997 giant-alien-bug war flick is an adaptation of Robert Heinlein’s classic 1950’s novel of the same name, but with bigger, juicier bugs. The film is known for its groundbreaking visual effects, including large-scale CG battle scenes with menacing alien bug warriors.

“Starship Troopers” is the tale of young trooper Johnny Rico, played by the impossibly handsome Casper Van Dien. He’s joined by the impossibly darling Denise Richards, who plays plucky pilot Lieutenant Carmen Ibanez. Together, they go pretty much straight from their high school prom into the galaxy-wide gooey mess that is the Bug-pocalypse. They’re joined by the impossibly nice guy Neil Patrick Harris, an intelligence officer with psychic abilities that help him read the minds of the “bugs.” Throw in Jake Busey, Michael Ironside — with his “Come on, you apes! You wanna live forever?” catchphrase — plus a galactic love triangle and gallons of insect guts, and you’ve got the great, sprawling high-energy madness that is “Starship Troopers.”

“The RiffTrax guys keep surprising and delighting us with their comedic genius and wacky antics,” said Shelly Maxwell, executive vice president of NCM Fathom Events. “Audiences are going to be rolling in the aisles this summer with ‘RiffTrax Live: Starship Troopers.’”

**Editor Note:** Michael J. Nelson, Kevin Murphy and Bill Corbett will be available for select telephone, radio and television press interviews. Artwork, photos and other promotional materials can be found at [www.rifftrax.com/epk](http://www.rifftrax.com/epk).

National CineMedia, Inc. (NASDAQ: NCMI) owns a 44.9% interest in and is the managing member of National CineMedia LLC. For more information, visit www.ncm.com or www.FathomEvents.com. (NCMI-E)

About RiffTrax
Featuring former members of the Emmy-nominated, Peabody Award-winning show “Mystery Science Theater 3000,” RiffTrax is composed of Michael J. Nelson, Kevin Murphy and Bill Corbett. Nelson has appeared on numerous radio and TV shows, written a regular column for TV Guide and authored many best-selling books. Perhaps best known as the man behind the plucky red robot Tom Servo on “Mystery Science Theater 3000,” Murphy is also author of the bestselling book “A Year at the Movies: One Man’s Filmgoing Odyssey,” and has been a regular contributor to NPR’s “Weekend Edition” and “Wits.” In addition to being a screenwriter and an internationally-produced playwright, Corbett was the voice of the robot Crow (version 2.0) on “Mystery Science Theater 3000,” as well as many other strange characters including the clueless alien The Observer (a.k.a. “Brain Guy”). To find out more about RiffTrax, visit www.rifftrax.com.
